

Database Access Application Form

Grain Buyers/Processors who wish to participate in the QAgrainz quality assurance scheme should fill in the following registration form. The administrator will return appropriate passwords for access to the QAgrainz on-line database, allowing confirmation of grower registration. The NZCQA taskforce may impose a small charge for this access.

The on-line database, grower manual and further information can be found at www.uwg.co.nz. Database access will be limited to Grower registration number, Trading name, QA manager and Status.
